UEFA Champions League - La finale 2018

Montegrappa presenta una nuova Edizione Limitata di strumenti da scrittura che celebra la Finale 2018 di UEFA Champions League a Kyiv. La collezione propone stilografiche, roller e penne a sfera. Realizzate in resina perlata Azzurra e Gialla, in onore della bandiera nazionale ucraina, le nuove penne "UEFA Champions League - Final Kyiv 2018" presentano le minuterie in acciaio stainless lucido. La sommità del cappuccio sfoggia un'incisione a contrasto della classica "starball" di UEFA Champions League, mentre la clip da taschino culmina sorprendentemente con una miniatura in microfusione del pallone da calcio. Il corpo in resina del cappuccio è decorato con dei soli - splendido motivo ripreso dal tetto dello stadio della città-capitale. Un'altra virtuosa incisione del trofeo dell'evento impreziosisce con la propria sagoma il fusto della penna. La stilografica "UEFA Champions League - Final Kyiv 2018" vanta un sistema di caricamento a converter e cartuccia. Per soddisfare le più svariate esigenze di scrittura, il pennino in acciaio è proposto nelle gradazioni Fine, Media e Larga.

Celebrating the UEFA Champions League 2018 Final

Montegrappa presents a special Limited Edition in the UEFA Champions League collection, celebrating the 2018 final to be held in Kyiv. The exclusive selection will be offered in the fountain pen, rollerball and ballpoint formats. The new “UEFA Champions League - Final Kyiv 2018” edition are made in pearlescent Light Blue and Yellow resin, honouring the colours of the Ukrainian national flag, with a polished stainless steel trim. Each pen's domed cap top is decorated with a contrast etching of the UEFA Champions League “starball”, while the signature clip culminates surprisingly with a miniature lost wax-casted soccer ball. The resin body of the caps are engraved with a beautiful solar decoration to recall the capital's stadium roof. The pen barrels are further embellished with a laser-cut design of the event's special trophy. To suit every writing needs, the cartridge and converter-fed fountain pen boasts a stainless steel nib available as Fine, Medium and Broad.
