## SKULLS & ROSES

Hope and dread. Light and darkness. Life and death.

Italy's flagship writing instrument confronts the contradictions of existence.

Life's turning points should always be captured in words.

# SKULLS & ROSES

For the first time, our famed Extra silhouette is transformed: forgoing classical airs to pursue a grittier truth. Skulls & Roses embodies the essentials of elevated writing – with a rebellious twist.

A mystical reimagining of Italy's quintessential Italian pen reveals the epic struggle between vitality and mortality through elaborate artistry. High-end componentry combines with mechanical excellence and naked ambition. Weigh the odds, then seize the day.

Since its 1930s heyday, the reference-level Extra has lost nothing in relevance. A rare, limited-edition reissue reminds that it's never the wrong moment to change course.

To embrace life, we must take it for everything it has. Skulls & Roses confronts fears and hopes with antiqued, full-body tattoo engraving on satin-finish sterling silver.

Editions of 333 fountain pens and rollerballs reference the Angel Number: a sign to embrace our individuality and forge ahead in search of acceptance and love.
