PRINCE ALBERT II  
OF MONACO  
FOUNDATION

OCEAN COLLECTION

JUNE 2022

To save our planet, we must have the courage to see the things  
that are in plain sight.  
Protect the oceans!

The breathtaking debut collaboration between Montegrappa and the Prince Albert II of Monaco Foundation showcases the fragile beauty of the ocean and magnifies its desperate plight.

Crafted from sterling silver, celluloid and cubic zirconia, the exclusive Solidarity Edition combines regal presence with a crucial message: that to save our planet, we must have the courage to confront reality.

- ❖ Detailed cap and barrel engravings on satinised silver contrast our vision for ocean health with the tragic reality. Together, they symbolise a resolve to stem the flow of waste and restore marine habitats
- ❖ Neptune's trident is a pocket-sized pledge to defend the oceans. Cast from sterling silver, it anchors a rare, deep-profile cap that calls attention to a perilous environmental imbalance
- ❖ Parabolic cubic zirconia endpieces invite us to peer beneath the surface. Each magnifies a point of value: the Foundation's valuable work, and the edition number (300 pieces in two writing modes).

**ROLLERBALL**

ISFMNRSE

**The Prince Albert II of Monaco Foundation manages and supports a wide range of projects, prizes and grants aimed at fighting climate change, safeguarding biodiversity and managing water resources.**

Founded by H.S.H. Prince Albert II of Monaco to protect the environment and promote sustainable development, the Foundation acts locally and globally – supporting research, innovation and social awareness programmes, both public and private since 2006.

Montegrappa is honoured to partner with the Foundation and contribute to its efforts with proceeds from this edition. Special thanks to Dr. Marco Colasanti, President of the Foundation's Italian branch for his role in helping to make it a reality.
