With its modern proportions, heavy metal hardware and daring persona, the Montegrappa QUATTRO is a statement in boldness: a power pen for our times.

Masculine shaping and muscular componentry make the new-generation Montegrappa QUATTRO an expression of uncompromising strength. QUATTRO is a new family of Montegrappa Contemporary writing instruments offering handmade modernism and Italian refinement in every detail.

- Materials and identity keys are inspired by horology: the Montegrappa QUATTRO complements the hand – *and* the wrist – with crisply finished metals and a sapphire-crystal crown.
- Heavy, steel fittings are precision-finished for high surface contrast, then sealed with vivid IP tints. Metal accents underline peerless Italian performance, while increasing downforce.
- Bold geometric lines and immaculate finishing define Montegrappa Contemporary styling. Experience confident, dynamic handling in rollerball, ballpoint or fountain pen* modes.
