Following the release of the limited-edition *007 Spymaster Duo*, Montegrappa returns to the realm of James Bond with a new, all-metal silhouette. *007 Special Issue* lives up to its billing – delivering dependable, all-round proficiency with new accents on portability and stealth.

Machined from aluminium and brass, the disciplined industrial design of *007 Special Issue* uses sleek lines and sandblasted surfaces for maximum discretion. Inside, refined componentry ensures incisive performance, expertly engineered for essential work. Choose 14K fountain pen or rollerball.

Covert presence. Minimalist trims and a discreet, low-profile clip complement streamlined, all-black styling. Low-reflective surfaces feature precision machining at critical grip points.

Classic 007. Inside a hollow-point cap top, rifled alloy invokes the iconic gun-barrel opening title sequence: a signature of every Bond film.
